

GERMAN CLUB 2014-2015

- **MET Opera**

The MET Opera is a fantastically cultural venue in its own right, exhibiting a vast array of great plays. We have a choice to see one of the following German Operas: “Die Zauberflöte”, and “Die Meistersinger von Nürnberg”, or “Don Giovanni”.

- **Neue Galerie**

The Neue Galerie is a specifically German art museum, connected to the equally famous Café “Fledermaus”. It displays the beautiful exemplars of the fine and decorative arts, and provides an introduction to various 20th century artistic movements.

More options: Metropolitan Museum, Guggenheim Museums

- **General Meetings**

Our meetings are dedicated to German culture & language and are based upon the club members’ interests and suggestions. It’s a great way to make friends and bond over all the fun things related to Germany!
